The discussions covered a wide range of critical themes shaping India's trade and export landscape:

01

India's FTA Framework

BAA congratulated the Government on advancing Free Trade Agreements with major partners including the UK, EU, USA, and others, creating significant new opportunities for Indian exporters.

02

Tariff Developments

The delegation welcomed tariff reductions with the United States and highlighted their positive impact on India's sourcing and export competitiveness.

03

Indian Quality Mark

BAA emphasized the need for a globally recognized Indian quality mark to strengthen international confidence in Indian goods and boost buyer trust across sourcing markets.

04

Role of Buying Agencies

The delegation highlighted the critical role buying agencies play in the export value chain, acting as the bridge between global buyers and Indian manufacturers.

05

Policy Alignment

BAA underscored the importance of ensuring that policy frameworks reflect the practical realities of international sourcing and the day-to-day operations of buying agents.

The BAA delegation engaged in a constructive and forward-looking discussion with the Minister on India's evolving trade and export landscape.

1

Strengthening India's Competitiveness

Boosting India's position in global markets through strategic, forward-looking trade policy.

2

Enhancing the Role of Buying Agencies

Amplifying buying agencies' contribution to export growth and facilitating global sourcing partnerships.

3

FTA Framework into Measurable Gains

Ensuring India's expanding FTA framework delivers tangible benefits for exporters, MSMEs, and allied trade bodies.

As India deepens its trade partnerships and expands market access, BAA remains committed to representing the voice of buying agencies and contributing constructively to the nation's export growth journey."
